Welcome to Trigonometry Honors / Pre-Calculus 2020- 2021!

To prepare for the Honors class at SCHS you will need to complete the summer assignment. The topics covered should be familiar as review topics from Algebra 2.

TEXTBOOK:
- In order to access your textbook online (Precalculus with Limits 3e, Larson), you must create an account on WebAssign. The directions are posted alongside this document on the SCHS Library’s Summer Assignments webpage.
- *** Look for an email in your SchoolLoop account from Mrs. McClennan that contains the Class Key you need. Email her (tmcclellan@scusd.net or use LoopMail) if you did not receive an email with the Class Key). ***

ASSIGNMENT:
- Read Chapters 1 and 2.
- Complete the Review Exercises and Chapter Tests:
  - Chapter 1, Page 106 # 1 - 101 ODD and Page 109 # 1-26 ALL.
  - Chapter 2, Page192, # 1 - 63 ODD and Page 194 # 1-18 ALL.

Check your answers using the back of the book. You can do more if you wish. The first two days of class we will review these problems and I will address your questions about the first two chapters. There will be an exam within the first week of the school. The summer assignment will be due at that time. If you have completed the summer assignment and come to class ready with questions, you should have no trouble with the exam.

Good Luck!

Mrs. Zahidy and Mrs. McClennan
